

SHARETREE “SLIMLINE”**MODEL TC/SLIMLINE/450/ME/-70**

A general-purpose bench top chamber designed for Temperature Testing of PCB's and small assemblies.

This version has extra chamber depth and incorporates the Sharetree **SIMPLEtouch** touch-screen controller

Supplied complete with floor stand, inclusive of instrument shelf and castors.

Specification	W (mm)	H (mm)D (mm)	
Internal dimensions	450	450	450
External dimensions (max.)	725	1790 (with stand)	935
Operating temperature range	+180°C maximum -70°C minimum		
Thermal ramp rate (empty)	+/- 2°C/min		
Temperature control	SIMPLEtouch programmer		
Rated voltage	230V AC 1-phase		
Rated maximum current	16 amps		
Cooling	Integral, cascade air-cooled compressor		
Nominal chamber weight	150 Kg		
Airflow	Ducted, forced air (front to back)		
Additional features	Multi-glazed heated window (300 x 300mm), with internal light 100mm Cable Port Stand with Shelf
